ECOLOGY: SCIENCE FOR PRACTICAL SOLUTIONS

You're invited - we're calling for speakers for
our 2019 Symposium 'Practitioner Engagement
for Onground Outcomes'

**Join the growing number of land managers,
environmental decision makers, consultants
and practitioners attending ESA.**

Practitioner Engagement for Ongoing Outcomes - Symposium

This symposium is intended to highlight the crucial role of ecological practitioners and the value of collaborative projects that link research and onground application through stakeholder and practitioner engagement. The symposium will have presentations from practitioners and researchers on the value of partnerships between these two linked professional sectors, and the challenges and successes they have experienced in researching and/or implementing evidence-based applied research.
